

**Winnipeg Construction Association and the Manitoba
Heavy Construction Association Present a Lunch Forum
on**

**National and International
Construction Issues**

**Labour/skill shortages? Infrastructure investment? Federal Budget '07?
Procurement trends? Environmental policy/regulation? International impacts?**

Hear about the critical issues and priorities facing the construction industry nationally and internationally and how they are affecting your industry in Manitoba.

An excellent opportunity for you to speak directly to those representing your industry on the national and international stage.
