What is Gold Seal?

The Gold Seal Certification Program is a national program for construction Project Managers, Superintendents, Estimators, Owners' Project Managers, and Construction Safety Coordinators'.

Certification is based on the candidate's education and experience. The Gold Seal Certificate was developed by the industry for the industry and is a voluntary certification program for the individual. The Certificate signifies that the individual has attained a nationally recognized level of experience and competence in one of the above identified fields.

Find out how to obtain your Gold Seal Certification and get started now!
